

Thomas Hill
Founder
Bounce Boot Camp
Anthem, Arizona

To Whom It May Concern,

I am happy to provide a reference for Thomas Hill and his Bounce Boot Camp. As a member and fundraising committee member of Valley of the Sun Kiwanis Club I appreciate the assistance Thomas provided with our annual fundraising event. Our Club holds an annual event centered around the children of our community. Most recently we held our Home Run 4 Kids event, at Chase Field in downtown Phoenix, Arizona. Thomas was referred to us by one of our trusted community partners.

During the entire planning process, Thomas worked with us and designed a structured fitness program for the children attending our event. We were able to promote and publicize the event featuring the Bounce Boot Camp as a signature program for the day.

On the day of the event we anticipated a certain number of participants but we were surprised to see how popular the Bounce Boot Camp program really was. We far surpassed our attendance estimate and were relieved to watch Thomas and his professional staff modify and adapt to the large number of excited children who had arrived.

Thomas and his entire staff were up to the challenge. I can assure you that all the children who participated in the Bounce Boot Camp showed their delight with smiles and laughter as they worked through the athletic challenges the boot camp provided.

We plan on continuing our community partnership with Thomas Hill and Bounce Boot Camp and would recommend them to anyone seeking such a program.

Sincerely yours,

Charles Wennerlund
